## Level 1 Workshop (Introduction)

**Audition Techniques-** Understanding the audition process, building your book of music, developing audition techniques, presentation, audition etiquette, how to choose audition songs, audition song guidelines, recognizing the type of character you play best, developing an audition character, making it to the callback, understanding the callback process.

**Dance-** Basic audition combinations, learning different styles of dance, common steps used in auditions, adding character to dance combinations.

**Acting-** Theater games, basic improvisational skills, cold readings.

**Vocal Technique-** Vocal preparation before an audition, importance of warm-ups and exercises, vocal care & vocal stressors, breathing techniques.

## Level 2 Workshop (Level 1 Prerequisite)

**Audition Techniques-** Based on different audition criteria students will be challenged to develop their strongest auditions, strengthening skills to go beyond "open call": using different styles of music, developing audition character traits, breaking down the audition song. Callback challenges: Specific character challenges, narrowing the process down (students have auditioned for a season of shows and are called back for a specific role in one show), sight singing and part singing, acting callbacks, dance callbacks.

**Dance-** Learning to be a triple threat while dancing, breathing techniques to sing while you dance, acting while singing and dancing, learning harder/longer combinations, learning different styles of audition combinations.

**Acting-** Developing character, breaking down a monologue, choosing monologues, using improvisational skills to build character. Advanced scene study and writer's workshops available for advanced levels.

**Vocal Technique-** Working through the registers, callback challenges, sight singing and harmonization, singing with different characterizations, singing different styles of music, going beyond the comfort zone.
